Whittier Calif - I have yours of Oct 7 - The 200 acres advertised for sale at 35^{00} an acre and of which I am the administrator can be divided as you suggest. can arrange satisfactory terms some cash some time. I must sell all of ranch (not seperate) Just a short distance from school 4 miles from San Marcos - 6 miles from Escondido. Plenty water can be developed alfalfa can be raised - I believe I have answered all your question - It will well pay you to come down and look at this proposition. Its a bona fide good thing and some one is going to get a bargain and a beautiful place. There is a 5 Room house barn improvements vineyard some fruit some walnuts - and a dandy place to raise nursery stock entirely and absolutely frostless. will grow anything citrus early trucking fruit etc - If you are interested I will mail you a photo of part of the place upon request

Yours Truly
